- If the link above does not work for you, copy and paste this link into your browser. Some devices will have saved last year's link and it just needs a refresh.

- **WON'T LET YOU CHOOSE A PROVINCE-** There is a know glitch with SQUARE with some browsers that won't let you put a province. We deliver everything directly to the league and don't mail it out, so just choose ALABAMA and it will proceed.
- **ORDER WINDOW CLOSED MESSAGE-** If you are trying to order before the deadline of WED NOV 20 at 11:59pm and it says the order window is closed, please try refreshing your browser or try another device. It has just timed out and needs a refresh.
